Agape love: The glorious impossibility!

### **The Big Idea:**

The life of grace is a glorious impossibility! Under grace, the standard is not downgraded, but upgraded from possible to impossible... Grace places us in the position of having to trust Jesus to live His supernatural life of AGAPE in us and through us!

Can you think of an example of when another human being showed agape to you at a time you didn't deserve it? How about a time when you chose agape toward someone else who didn't deserve it? Share about these encouraging stories and what you learned from them...
5. We often acknowledge the wisdom of making sure we set healthy boundaries so our lives are not shipwrecked by toxic people. How does 1 Corinthians 4:4-8 square up with or conflict with this idea? Discuss...
6. Psychologists often talk about codependency...the unhealthy “need to be needed” or “feeling overly responsible for another person's successes or failures.” How is genuine agape (unconditional) love as described in 1 Cor. 13 different from codependency?

### **Promptings:**

7. How are you currently and consciously living supernaturally? In what way(s) might God be challenging you to trust Him for supernatural manifestations of His love beyond your human ability? Discuss...
